Let me shoot your sex pistol,  
Let me shoot your sex pistol girl.  
Let me shoot your sex pistol,  
Let me shoot it baby.  
Bang, bang, it's automatic X3  
Let me be your sex pistol.

She's seen me on my MySpace page,  
Like's the way I move.  
She says my music's so contagious,  
Boy, it's like a dream come true.  
She already bought my CD, pictures on her wall,  
Kissing on my body before she goes to sleep.  
Would do anything to meet me, deep in love she falls,  
After tonight danger, we're not gone be strangers.

(Chorus)

Danger, you about to fall in love with a stranger (about  
to fall in love with a stranger),  
Oh Danger, you about to fall in love with a stranger.  
Here we are girl,  
After tonight Danger we're not gone be strangers,  
You'll call your friends later, you leaving with a  
stranger.  
After tonight Danger we're not gone be strangers,  
You'll call your friends later, you leaving with a  
stranger.

I went out on a Friday night.  
Saw this girl looking my way.  
She pulled up on my left hand side and said,  
I've been dreaming 'bout this day.  
I ordered up your CD, pictures on my wall.  
Kissing on your body before I go to sleep.  
So happy just to meet you,  
Deep in love she falls.  
After tonight danger,  
We're not gone be strangers.

(Chorus)

Danger, you about to fall in love with a stranger (about

to fall in love with a stranger),  
Oh Danger, you about to fall in love with a stranger.  
Bring it down town,  
After tonight Danger we're not gone be strangers,  
You'll call your friends later, you leaving with a  
stranger.  
After tonight Danger we're not gone be strangers,  
You'll call your friends later, you leaving with a  
stranger.

Wasup girl, got an idea, follow my lead 2, 3

(Bridge)  
How 'bout you and me, privacy.  
All alone, it's time to go.  
How 'bout you and me, privacy.  
All alone, it's time to go.

(Chorus)  
Danger, you about to fall in love with a stranger,  
Oh Danger, you about to fall in love with a stranger  
(about to fall in love with a stranger).  
Danger, (ohh) you about to fall in love (ohh) with a  
stranger,  
Oh Danger, you about to fall in love with a stranger.

(Bridge)  
How 'bout you and me, privacy.  
All alone, it's time to go.  
How 'bout you and me, privacy.  
All alone, it's time to go.
