Should I gamble  
Should I roll this dice  
Should I take this change  
Or should I let it go

All my friends say  
G don't play this game  
But I play this game  
Cause I know I don't lose

This situation  
So complicated  
I found myself between a rock a pace

But I'm wondering  
How should I go about this  
If I mess this friendship up  
I'm gonna miss

I'll miss taking her to the park  
I'll miss chilling with her after dark  
And how we cruise around in my ride  
I give her my jacket when it's cold outside

I'll miss always sticking up for her  
Cause I don't ever wanna see the girl hurt  
And so I'm laying this on the line  
Cause baby girl I want you to be mine

Hmmmâ€¦ never thought I'd feel this way about her  
Hmmmâ€¦ never thought that friends could be  
But this is destiny  
I'm saying  
hmmmâ€¦  
I'm afraid if she finds out  
Will she trust me  
But  
hmmmâ€¦  
it's up to me no doubt  
cause I don't wanna lose this love  
(cause I don't wanna lose this love)

This girl is perfect in her own way  
When it matters she just knows what to say  
She's been there from the very start  
And she doesn't even know she has my heart  
[Gamble Lyrics On ]  
If I be crying and I cant stay strong  
She's always asking me baby what's wrong

I wish you noticed what you mean to me  
Baby girl you're not making this easy

I'll miss taking her to the park  
I'll miss chilling with her after dark  
And how we cruise around in my ride  
I give her my jacket when it's cold outside

I'll miss always sticking up for her  
Cause I don't ever wanna see the girl hurt  
And so I'm laying this on the line  
Cause baby girl I want you to be mine  
(girl I want you to be mine)

Hmmmâ€¦ never thought I'd feel this way about her  
Hmmmâ€¦ never thought that friends could be  
(she my friend but I want her)  
But this is destiny  
( I gotta put it on the line)  
I'm saying  
hmmmmâ€¦  
I'm afraid if she finds out  
Will she trust me  
But  
hmmmmâ€¦  
it's up to me no doubt  
(it's up to me)  
cause I don't wanna lose this love  
(cause I don't wanna lose this love)

I aint gonna let you down  
Cause girl I don't play around  
I aint gonna let you down  
No no no noâ€¦(x2)
