from day one
it wasn't hard to see
that you had me out my mind
you know that every part of me
feels for you all the time
fo' sho yup that fantasy that i feel between the sheets

hey girl hey girl hey girl hey
i know
that you want me
between
your legs keep calling me
happens all the time
hey girl hey girl

won't you take this promise ring
i'm gon put it on your finger
i'm about that promise ring
only for you promise promise

won't you take this promise ring
i'm gon put it on your finger
i'm about that promise ring
only for you promise promise

can't help but stare and hold your hand
i could take you by my side

this ring says i'm gon be that man
here's your ticket to ride
fo' sho i'm take you there
paris, rome girl i don't care

hey girl hey girl hey girl hey
i know
that you want me
between
your legs keep calling me
happens all the time
hey girl hey girl

won't you take this promise ring
i'm gon put it on your finger
i'm about that promise ring
only for you promise promise

won't you take this promise ring
i'm gon put it on your finger
i'm about that promise ring
only for you promise promise

can't nobody do it like me girl
that's my promise guaranteed
wear my ring and i'm gonna take the lead
let this circle last forever always we gon be together
wear my ring and i'm gonna take the lead

won't you take this promise ring
i'm gon put it on your finger
i'm about that promise ring
only for you promise promise

won't you take this promise ring
i'm gon put it on your finger
i'm about that promise ring
only for you promise promise

won't you take this promise ring
i'm gon put it on your finger
i'm about that promise ring
only for you promise promise

won't you take this promise ring
i'm gon put it on your finger
i'm about that promise ring
only for you promise promise
