When you get home in the evening, baby
From doing overtime
Drop the groceries on the table
Maybe pour a glass of wine

Sit yourself down, kick off the dust of the day
A gentle caress would make the strain go away

You're feeling lonely and empty
Hollowed out from within
You disappear switching channels
But you don't see a thing

'Cause you're a real good woman
Who needs a real good man
To give you what is needed
To give you all he can
And you don't need nobody
To give you push and shove, just a man
'Cause a woman needs a man to love

Now the weekends have no mercy, baby
And never seem to end
So you're looking for distractions
Maybe call up a long lost friend

But there's no one there for you
And there's no one who cares
So you head for that bedroom
Walk alone up them stairs

'Cause you're a real good woman
Who needs a real good man
To give you what is needed
To make you understand
That you don't need nobody
To give you push and shove, just a man
'cause a woman needs a man to love
Yeah baby

There's no one there for you
And there's no one who cares

So you head for that bedroom
Walk alone up them stairs

'Cause you're a real good woman
Who needs a real good man
To give you what is needed
To make you understand
That you don't need nobody
To give you push and shove, just a man
'Cause a woman needs a man to love, baby

A woman needs a man to love, yeah
Every night and every day
I don't care just what you say, just a man
'Cause a woman needs a man to love
She needs a man
