A fire 's burning in the midnight hour
Awakening all gods of lust
Now hear the call and give me what I want
So I can do what I must

Give me love, baby
Give me love

Imprisoned feelings got a grip on you
But needs demanding and proud
Break all the bars until you shake 'em loose
I hear your voice calling out

Give me love, baby
Give me love
Give me love, baby
Give me love

For every mountain, every peak you've climbed
I've climbed a thousand before
For every endless night of emptiness
I've got a hundred in store

No bed of roses
No river green
No upstate living
No family dream
No mediocre
No nice and slim

I don't want half full, half empty
I just want full to the brim

Give me love
Get with it, ain't no shit
Give me love
Do what you want babe and ride on it
Give me love
A bad mama below and above
Give me love
Get with it baby
And give me love

Do what you you want
Below and above
Get with it baby
And give me love
