Chorus:

Angel, oh my angel, Angelina
Heaven must be wonderin' where you are
Mornin' finds me prayin' please let me keep her
Each night finds me wishin' on a star
That always, oh always Angelina
You'll be stayin' right here in my arms

Sweetest of the sweet those ruby lips
No other has that touch ooh those fingertips
Bluest of the blue those sparklin' eyes
Like had in glove we fit you know you're just my size
You and all your special ways and means
Oh I love you Angelina

Chorus

Angel, oh my angel, Angelina
Heaven must be wonderin' where you are
Mornin' finds me prayin' please let me keep her
Each night finds me wishin' on a star
That always, oh always Angelina
You'll be stayin' right here in my arms

You'll be stayin' right here in my arms
