Isn't it like her to look so pretty
Like everything is alright
Like nobody cried all last night
Look at the sun, ooh how it's shining
Almost a picture perfect day
Like nobody's going away

If it were just a little colder
She might need me to hold her
Wouldn't you know, the weather's perfect
There's not a cloud in the sky
It ain't raining or snowing
There's no cold wind blowing
It's a beautiful day for goodbye

Isn't it like me to wait til she's leaving
To know how I feel
I love her and I always will
In a second or more forever can change
So I'm standing here praying for rain

If it were just a little colder
She might need me to hold her
Wouldn't you know, the weather's perfect
There's not a cloud in the sky
It ain't raining or snowing
There's no cold wind blowing
It's a beautiful day for goodbye

Wouldn't you know, the weather's perfect
There's not a cloud in the sky
It's a beautiful day for goodbye
