I'm so sorry, I keep interruptin'
What were you gonna say?
You caught him cheatin'
I don't blame you for walkin' away

I know where you're comin' from
It sounds like where I've been
Oh, there I go interruptin'
Your story once again

Go on, go on, you were sayin'
How a fool can only fool you so long
It's true, it's so true
When they do you like that
What else can you do but go on

Our conversation won't change nothin'
But it's sure nice to talk
With somebody who's been cut out
Of the same ol' cloth

You know how you said
Happiness can't be found lookin' back
If you don't mind, maybe we can
Talk a little more about that

Go on, go on, you were sayin'
This is better than sittin' at home
It's true, it's so true
When they do you like that
What else can you do but go on

Even when you see no reason to
Don't wait to live life
'Cause it won't wait for you

Go on, please go on, you were sayin'
What don't kill us only makes us strong
It's true, that's so true
When they do you like that
What else can you do but go on

On and on
