I'm so sorry, I keep interrupting  
What were you gonna say?  
You caught him cheatin'  
I don't blame you for walkin' away  
I know where you're comin' from  
It sounds like where I've been  
Oh, there I go interrupting your story once again

Go on  
Go on  
You were sayin' how a fool  
Can only fool you so long  
It's true  
It's so true  
When they do you like that  
What else you can do but go on

Our conversation won't change nothin'  
But it's sure nice to talk  
With somebody who's been cut out  
Of the same ol' cloth  
You know how you said happiness  
Can't be found lookin' back

If you don't mind maybe we can  
Talk a little more about that

Go on  
Go on  
You were sayin' this is better than  
Sittin' at home  
It's true  
It's so true  
When they do you like that  
What else can you do but go on-

Even when you see  
No reason to  
Don't wait to live life 'cause it  
Won't wait for you

Go on

Please go on  
You were sayin' what don't kill us  
Only makes us strong  
It's true  
That's so true  
When they do you like that  
What else can you do  
But go on  
On... and on...
