You came into my life
Like an answer to a prayer
Like a star that falls from the sky
Right out of thin air

Some might say it's a miracle or a dream come true
But from that day I always knew

Heaven is missing an angel
That's the only thing that it can be
Heaven is missing an angel
'Cause you're right here with me

No one else in the world
Has touched me like you do
It's super natural, girl
The way I feel when I'm with you

I'm in paradise whenever you're around
And then when I look in your eyes there's no doubt

Heaven is missing an angel
That's the only thing that it can be
Heaven is missing an angel
'Cause you're right here with me

I'm in paradise whenever you're around
And when I look in your eyes there's no doubt

Heaven is missing an angel
That's the only thing that it can be
Heaven is missing an angel
'Cause you're right here with me
Right here with me, you're right here
