The first time I met her
She walked right up to me
And said you're who I've wanted to find.
There was a man
She had seen in her dreams and it was me.
She said I can't believe it
Cause I've never been in here
And I've passed this so many times.
It was her night to find destiny and it was Me

And we danced every song that they played,
And talked until closing time
The closer I held her,
The more I knew her destiny wasn't that far from mine.
Then I saw a reflection of someone unfamiliar
Looking back when I looked in her eyes
The happiest man I'd ever seen and it was me

And we danced every song that they played
And talked until closing time.
The closer I held her
The more I knew her destiny wasn't that far from mine.
She wasn't looking and I wasn't looking,
Ain't it funny? that's when love was found.
She still calls it her lucky night,
Yes someone was lucky she's right
But it was me.
It was me
