Play me a dancer, a hold her hander, old honky tonker
Pull her up closer, slow romancer
Make her fall in love with me song

The room is swimmin' with pretty women
But how's a fella supposed to get close to 'em?
The band is rockin', the joint is jumpin'
Mr. Guitar Man let me tell you somethin'

Play me a dancer, a hold her hander, old honky tonker
Pull her up closer, slow romancer
Make her fall in love with me song

I see a redhead, I see a brunette
And there's a blonde I love, I don't even know yet
I'm going crazy, you gotta save me
I need to hug her and I don't mean maybe

Play me a dancer, a hold her hander, old honky tonker
Pull her up closer, slow romancer
Make her fall in love with me song

Play me a dancer, a hold her hander, old honky tonker
Pull her up closer, get next to her, sweet enough to kiss
her
Just a little something so she can hear me whisper,
slow romancer
Make her fall in love with me song
