Midlife crisis lost my job and lost my home  
Midlife crisis but at least I'm not alone.

I'm middle aged and busted but my heart belongs to  
you and my pockets might be empty but my heart is full  
of you. You'll get me thru the hard times just like you  
always do with love and understanding that I have  
grown accustom too.

The grass may look greener on the other side of the  
fence, but that darn grass need mowing so staying  
with you just makes sense.

You pick me up when I'm feeling down and pat me on  
the back, you'll dust me off and tell a joke that always  
makes me laugh.

Midlife crisis lost my job and lost my home  
Midlife crisis but at least I'm not alone.

You all ways understand me and love me there's no  
doubt. Through 20 years of good bad we always  
worked things out.

Midlife crisis I'll never be alone  
No I'll never be alone  
No I'll never be alone  
No I'll never be alone
