You've been out again tonight
With the girls out on the town
But in those magic neon lights
I know exactly, what you found?
What about your home?
And the man who loves you so
Is it worth the thrill you feel
Down on neon row?

If you're lonely then your easy
Them good ol' boys just pick and choose
And lonely women are in season
A one night stand's, an all night lose
And all those lonely high heeled ladies
Are always putting on a show
But in the morning putting on coffee
And putting back on the clothes they wore the night
before
To neon row

Girl, I can't hold you back
Not one day longer
My love ain't strong enough
To keep you home
Just start the fire
To burn the bridges
And maybe some night will lead in the magic light
Down on neon row

If you're lonely then your easy
Them good ol' boys just pick and choose
And lonely women are in season
A one night stand's, an all night lose
And all those lonely high heeled ladies
Are always putting on a show
But in the morning putting on coffee
And putting back on the clothes they wore the night
before
To neon row
And putting back on the clothes they wore the night
before
To neon row
