My first sip made me gag  
And I thought I was gonna blow beets  
But I took another and pretty soon brother  
Sour mash started tasting sweet  
Made me feel brave and strong  
Bulletproof, like I could do no wrong  
But I found out before too long  
What I should've known

You can learn to love anything  
Even a bird in a cage will sing a song  
Even it's wrong  
Even if it kills you in the end  
You can learn to love anything  
Trade your heart and soul for a ball and chain  
Anything can bring you pleasure, even pain  
Pick your poison  
Poison  
Pick your poison

Ruby lips hid a razor tongue  
And a heart, blue as glacier ice  
I was warned, but I was willing  
To ignore everybody's advice  
The more I gave, the more she took  
She walked away without a second look  
Just one more page from that great big book  
On how

You can learn to love anything  
Even a bird in a cage will sing a song  
Even if it's wrong  
Even if it kills you in the end  
You can learn to love anything  
Trade your heart and soul for a ball and chain  
Anything can bring you pleasure, even pain  
You can learn to love anything  
A prison wall, a ball and chain  
Anything can bring you pleasure, even pain  
Pick your poison  
Poison  
(You can learn)

Pick your poison

Pick your poison

(You can learn)

Pick your poison

Poison

Poison

Pick your poison

Pick your poison
