Well, now I can see you're dancin'  
Every dance with her  
And it seems to me that you're dancin'  
Much too close to her

When you sat down at our table  
You sat next to her  
But I know that it's true  
She loves me, she don't love you

Let me tell you friend, I'm wise to your lies  
You've been tellin' me that I'm the guy for her  
And every little thing you do and say  
Is givin' you away, you're in love with her

Well, just one more dance with her  
And friend, you're gonna see  
What it's like to hit the floor  
And do a little dance with me

Here's your coat, there's the door  
I think you better leave  
'Cause she just told me it's true  
She loves me, she don't love you

Let me tell you friend, I'm wise to your lies  
You've been tellin' me that I'm the guy for her  
And every little thing you do and say  
Is givin' you away, you're in love with her

Well, just one more dance with her  
And, friend, you're gonna see  
What it's like to hit the floor  
And do a little dance with me

Here's your coat and there's the door  
I think you better leave  
'Cause she just told me it's true  
She loves me, she don't love you

'Cause she just told me it's true  
She loves me, she don't love you
