We used to have a time together
We used to party with each other
Now you're stone winter cold
Come out no place to go
And when I see you on the street
With some two bit little creep
That's it, I quit

You used to look just like a queen
Kinda soft, kinda mean
Now you just look dirty
Say you're shy but you're flirty
Wearin' a diamond ring
Where did you get that thing?
That's it, I quit

When I call you at home at your personal phone
number
I won't get in a rage if I feel it's engaged
I just wanna know who you're lyin' under

It's a wrap
Don't wanna see you any more
Ain't got no woman in a trap
Like I told you once before
You think you're so flash
The way you get your cash
That's it, I quit

When I call you at home at your personal phone
number
Don't get in a rage
When I feel it's engaged
I just wanna know who you're lyin' under

It's a wrap
Don't wanna see you any more
Ain't got no woman in a trap
Like I told you once before
You think you're so flash the way you get your cash
That's it, I quit

You think you're so flash the way you get your cash
That's it, I quit
