Artist: Brandon Ryder  
Song: Ultimate Deceiver  
Album: Head Above Water

I told you I was leaving  
At least a hundred times  
But you always laughed out loud  
Laughed until you cried

Cause I was always waiting on the other side of the  
door  
To welcome dysfunction back home  
Until today, when I looked in the mirror and I didn't  
know my own name  
I'm leaving tonight; I'll turn out the light

### CHORUS

Ain't it funny how the darkness makes everything seem  
oh so clearly  
When your own the ground face down how you can see  
everything oh so differently  
You won't even notice, that I'm gone  
Till you wake up and you are all alone  
Then you'll point fingers  
Casue your the ultimate deceiver

No way no how..... Will I take you back  
And you will not black mail me with your hypocrisy  
Your the perfect contradiction of yourself Jekyll and  
Hyde

You have no control this time  
I'm leaving tonight..... I'll turn out the light

### CHORUS

Ain't it funny how the darkness makes everything seem  
oh so clearly  
When you're on the ground face down how you can  
see everything oh so differently  
You won't even notice, that I'm gone  
Till you wake up and you are all alone  
Then you'll point fingers

Cause your the ultimate deceiver

Egotistical manipulator you've always been the  
instigator of my moods  
Now the sky is falling you'll come crawling back telling  
me how you can change your tune  
But I don't want you to  
You won't even notice that I'm gone  
Till you wake up and your all alone  
Then you'll point fingers  
Cause your the ultimate deceiver  
Then you'll point fingers  
Cause your the ultimate deceiver
