Well I was out the other evening
On a walk when I decided to
Take myself a little stroll through the park
And I was young and I was feeling no pain

Well I was a happy man, not a care in this world
A real up and comer with an eye for the girls
When I saw something that just about set
My young heart a flame

Well I introduced myself and I said, "Nice night for a walk"
But I couldn't understand a thing she said when she talked
And I said, "Honey, let's get something straight
It's between you and me"

Well that's when she settled down on the park bench
Her skirt rolled up and I could see she was French
And my heart said, "Toujours l'amour
Avec mon amour"

My my mon cheri
Baby I sure would be delighted in your company
Anytime that is good for you would be convenient with me

Well I say, "My my my mon cheri"
Ooo

My my, mon cheri
Baby, I sure would be delighted in your company
Anytime that is good for you would be convenient with me
Well said, my my my mon cheri

I'm still a happy man
With no tale would tell
And I'm still in love with my sweet mademoiselle
She feels such amour for a fine young sweet Pierre

We're in love together hope it'll always be

My sweet darling cheri and me
Because together we generate such savoir faire

My my mon cheri
Oh baby I should would be delighted in your company
Anytime that is good for you would be convenient with
me
Hey, hey my my my mon cheri
I said, I said, oo I said
"My my my mon cheri", oo
