Well I was out the other evening
On a walk when I decided to
Take myself a little stroll through the park
I was young and I was feeling no pain
Well I was a happy man not a care in this world
A real up and comer with an eye for the girls
When I saw something that just about set
My young heart a flame
Well I introduced myself and I said nice night for a walk
But I couldn't understand a thing she said when she
talked
And I said honey, let's get something straight between
you and me
Well that's when she settled down on the park bench
Her skirt rolled and I could see she was french
And my heart said toujours l'amour, avec mon amour

My my mon cheri
Baby I sure would be delighted in your company
Anytime that is good for you
Would be convenient with me
Well I say my my my mon cheri

My my mon cheri
Baby I sure would be delighted in your company
Anytime that is good for you
Would be convenient with me
Well my my my mon cheri

I'm still a happy man
And I'm still in love with my sweet mademoiselle
She feels such amour for a fine young sweet pierre
We're in love together hope it'll always be
My sweet darling cheri and me
Because together we generate such savoir faire

My my mon cheri
Baby I should would be delighted in your company
Anytime that is good for you
Would be convenient with me
My my my mon cheri
I said, I said, I said mon cheri
