You know there's sometimes I just sit around and wonder

'bout what is and what would ever be  
But you know I'd much rather find myself  
Lost out on the sea nights of mystery

Yeah there's some people and they grow up crazy  
And there's some people that never bother to grow up  
at all y'all

I don't worry about any of that shit anymore  
I just listen for my sweet baby to call  
She goes here I come I'm gonna talk talk  
All the time about love, love  
Got me a light and it shines just like a diamond  
I never get me enough hoo hoo  
Here it comes comes up again now  
Watch it watchin on a you and me  
Don't I love love to caught out on your sweet  
Nights of mystery  
All I need nights of mystery

All I need is one fine moment  
Of intuition and clarity  
Just one fine, fine moment  
That's all I'll ever need in this life for me  
I got this genius of the heart  
That shines wild and free  
Don't I love, love to be caught out  
On your sweet nights of mystery

She goes here I come I'm gonna talk, talk  
Talk all the time about love, love  
Got me a light and it shines just like a diamond  
I never get me enough, hoo hoo  
Here it comes comes up again now  
Watch it watchin on a you and me  
Don't I love love to be caught out on your sweet  
Nights of mystery  
On these sweet nights of mystery  
On these sweet nights of mystery  
On these sweet nights of mystery
