You should know by now
I'm not the kind of guy
Who takes things lightly
So I've decided tonight
To tell you how I'm feeling
When I look in your eyes
I feel desire
Taking over me
Oh, I've been trying to hide it
But I can't deny it
You don't know what you do to me

I wanna take you out
Wine and dine you
And then lay you on my couch
Play out our fantasies
But for now it's just a dream

I should've told you before
But I was too scared to show
What was really on my mind
Come to think of it,
You must be blind if you didn't know
Now, we've been friends for a while
But the time has come for us
To push things forward
Sometimes you've gotta take chance
If you wanna find out how a real man
Does it

Just take a chance on me
I want you loving me
Just put your hand on me
Kissing me, hugging me
(Repeat)

Now, some people say that
I'm just a fool
To try and change something
That was already perfect
They say it's not worth it
But what do they know?

They don't know you like I do
Cause I see the way you look at me
I know you're feeling me
Baby let me your fantasy
That's how it's supposed to be

Baby take a chance on me
I won't treat you wrong
I will take good care of you
All day, and all night long
