I've been up, I've been down
Been through changes and turned around
Chasing my dreams I really need y'all - necessary
Wanna come wanna go, it's just a house when your all
alone
Did I get my wish?
Is this what will wished?
I don't want it then, tell me

What do you do with a dream and no love
It's lonely to bed lonely waking up
That's not enough
That's not what I want

What do you do
What do with a dream and no one to share it with
It's lonely to bed lonely getting up
That's not enough
That's not what I want

See, see

My friends think I've changed but my heart and my soul
is the same
They just can't see
I'm a man that's in need
Oh, I can't fake
And I can't front
Really need me a woman to love
But she never come
Dreams unfulfilled with no love
What do you do?
What do with a dream and no love
It's lonely to bed lonely waking up
And that's not enough, no baby
That's not what I want

No, no, no, no, no

See I'm calling for someone
To fill my emptiness
Can you hear me

Well I'm sending out an S.O.S
I'm in distress, yes I am

Now what do you do
What do you do with a dream and no love

It's lonely at the top when you ain't got nobody
Nobody to love
That's not what I want
That's not what I want
I betcha my family share my dream with me
Have a little wine with me
Picture that baby
I don't want to be alone
What do you want

What do you do with a dream, a dream and no love
It's lonely to bed, it's lonely when you wake up
No one to keep you warm
