It's days like this
I can't help but think of you
Makes me wanna sing

Sittin' here in my room
Wonderin' what you're doin'
I started hum, min up a tune
It sounded so sweet

Like you thought about, the good the bad
The times we laughed, when we were sad
I think about, your mom and dad
And your family

But no matter how far
You'll be in my heart
And wherever you are
You should know

That you're forever loved
Forever joy, forever girl, I'm your forever boy
And we're forever one, forever sweet
Forever you, forever me

No matter what, you do in life
I always know, you'll do it right
And that's what
Makes you so special to me

So every year, about this time
The day they call valentine
I hope that you at least
Think of me

But no matter how far
You'll be in my heart
And wherever you are
You should know

That you're forever loved
Forever joy, forever girl, I'm your forever boy
And we're forever one, forever sweet

Forever you, forever me

Play it for me, Randy
Oh Lord, have mercy

But no matter how far
You'll be in my heart
And wherever you are
You should know

That you're forever loved
(I said I really love you baby)
My forever joy

(I said I really need you baby)
You're my forever girl
(I said I really love you baby)
I'll be your forever boy
(I really wanna be there)

We'll be forever one
(I said I really love you baby)
And forever sweet
(I said I really need you baby)
Forever you, forever you, forever
(Forever, forever, forever)
Me

(I said I really love you baby)
(I said I really need you baby)
Oh, forever and ever
(I said I really want you baby)
And ever and ever and ever
(I really wanna be there)

(I said I really love you baby)
I'm gonna hold you
(I said I really need you baby)
I know just what you like
(Forever, forever, forever)
I should be in your life
Make it forever you and me

Ohh Ohh
Forever
(Forever)
Forever and ever and ever
(Forever)

Forever and ever
(Forever and ever and ever)

Stay with the one you Love
Forever and ever and ever and ever
(Forever)
(Forever)

If she treats you right keep her in your life
Forever you and me
(Forever)
(Forever)
(Forever and ever and ever)

Forever
(Forever)
Ever
(Forever)
I know just what you like
I should be in your life
Baby, just one more day
Forever me, me
