Girl, I hate to call you up on your job  
But I had to let you know that this bullshit got to stop  
You're my woman now and you're full grown  
Got a baby in my hand and your mama on the phone

Hit me with the boo-boo all on my ear  
Talkin' 'bout the business over here  
You better check 'cause you know that I fear  
She don't know me that well, I don't care

Just us, just you and me  
That's how it's supposed to be  
All your friends and your family  
I ain't gonna let them worry me

Just us, just you and me  
That's how it's supposed to be  
All your friends and your family  
I ain't gonna let them worry me

And girl it reach a point about four five time  
Tryin' to tell me I'll take care of this baby boy of mine  
Talk about did you feed him? Yeah, he should take a  
nap  
Better step to your girlfriend before the trick he slap

Hit me with the boo-boo all on my ear  
Talkin' 'bout the business over here  
You better check 'cause you know that I fear  
She don't me that well, I don't care

Just us, just you and me  
That's how it's supposed to be  
All your friends and your family  
I ain't gonna let them worry me

Just us, just you and me  
That's how it's supposed to be  
All your friends and your family  
I ain't gonna let them worry me

[Incomprehensible]

Like he mean he will  
So he don't like the way I treat you  
Tell him go to hell  
He told a friend of mine  
That he gon' whip my ass  
Till you let your brother know  
I say he know what I'll do, yeah

Hit me with the boo-boo all on my ear  
Talkin' 'bout the business over here  
You better check him 'cause you know that I fear  
You don't know me that well, I don't care

Just us, just you and me  
That's how it's supposed to be  
All your friends and your family  
I ain't gonna let them worry me

Just us, just you and me  
That's how it's supposed to be  
All your friends and your family  
I ain't gonna let them worry me

'Cause I love you  
I love you, I love you  
I love you, yeah

Take your meals on time  
Make your baby's mind  
Give you my last dime  
I'm yours and you're mine  
Just you and me

Just us, just you and me  
That's how it's supposed to be  
All your friends and your family  
I ain't gonna let them worry me

Just us, just you and me  
That's how it's supposed to be  
All your friends and your family  
I ain't gonna let them worry me

Love you, love you  
Love you, love you  
Love you, love you  
Love you, love you

Just us, just you and me  
That's how it's supposed to be  
All your friends and your family

I ain't gonna let them worry me

Just us, just you and me  
That's how it's supposed to be  
All your friends and your family  
I ain't gonna let them worry me
