Do you remember playing on the swings
Doin silly things that lovers do
Nothing else mattered but me and you
Well be together for eternity, just you and me
I remember all those times
We spent in each others arms
Why cant we try to do it all again (Mmm, hmm)
Do you remember long talks on the phone
We couldnt wait to be alone
And all the things we wrote were all so strong
And well never part, you hold the key to my heart
I remember times of yesterday
Why did they have to go forever
Why cant we try to do it all again
Memories of such happiness
And those time were the best
I love, its true
Wont you be my
My forever love
The only love I know
Ill never let you go, no
My forever love
Forever you will be
A special part of me
Since were together now
This empty space in my heart has been filled
Without you I dont think that I could deal
Im head over heels in love with you, its true
I remember times we shared
Girl, dont go nowhere
Why cant we try to do it all again (Lets try to do it all
again)
Say youll be mine, be mine forever
Always together
In love, in love
Please be mine, please be my
My forever love
The only love I know
Ill never, never, never, never, never let you go
My forever love My forever love
Forever you will be
A special, special, special part of me, baby

And I loved you, baby, I loved you, baby, yeah, yeah
You're the only, the only love I need, I need, baby
Say you'll be here, be here for me
I want you to be the only one I run to
