Here we are again
In a different space
In a different time
I swore if I ever got the chance
I wouldn't let you slip away, ha
And I'll give you
These things

I want you to know how I feel about you
If I move too slow, it's 'cause I'm shy about you, yeah
See I put you high on a pedistal
I handle with care, I know you're fragile, baby

There's so many things that I wanna say, yeah
But I can't get past all your sexy ways, no
I know you could have any man you wanted to
So I'm taking this chance and I offer you baby, baby

These things
These arms
These lips
To feel you, to hold you, to kiss you oh

These walls
These eyes
These sheets
To keep you, to see you, to love you

I ain't been one to open up, no, no
But you come around and I'm an open book, yes I am
My mental is taken to it's highest high
You could talk me out of each and every dime, baby
baby
The physical thing, do we have to talk
Girl you come around, I can't stand up straight and
walk, no

I know you could have any man you wanted to
So I'm taking this chance, I'll bring you

I want you to know how I feel about you
If I move too slow, it's 'cause I'm shy about you, yeah

See I put you high on a pedistal
I handle with care, I know you're fragile, baby

Don't have to have your hair done
Your nails pressed, your face on, no red dress
Just as you are, come to me
I'll pleasure you exclusively
I want you to grow with me
Things I should learn with your mind showing me
I'm all yours if you wanted me
Baby girl, I'm offering

I want you to know how I feel about you
If I move too slow, it's 'cause I'm shy about you, yeah
See I put you high on a pedistal
I handle with care, I know you're fragile, baby

Everything you need, everything you want
Everything you need, baby
Wanna show you what real love is really all about
Let me tell you how baby
Come on
