Heaven knows how I long for this

Ever since we kissed
Anticipation was killin' me 'cause I wanna be
You favorite fantasy
Would you talk to me and tell me where your spot is
baby
Are you sensitive?
Why don't you concentrate on all those things
That make it good to you

Chorus: What makes it good to you? I wanna know.
And I won't be happy 'til you scream no more--say
you're sure.
No premature lovin'. What makes it good to you tell me.

Just your touch girl arouses me and I can't believe
It's about to go down.
And I am too. From your head down, down, down.
Until you tell when to stop.
Cause these lips can't resist kissin' you
And your tender body.
Ooh, I don't mind. You got me through. Girl won't you
Tell me what makes it good to you.

Chorus: Repeat
See I don't wanna get there before you do.
Step by step together baby
Some how we're gonna grov'til you scream no more--
say you're sure.
No premature lovin'. What makes it good to you tell me.

Just your touch girl arouses me and I can't believe
It's about to go down.
And I am too. From your head down, down, down.
Until you tell when to stop.
Cause these lips can't resist kissin' you
And your tender body.
Ooh, I don't mind. You got me through. Girl won't you
Tell me what makes it good to you.

Chorus: Repeat

See I don't wanna get there before you do.
Step by step together baby
Some how we're gonna grove.
Wouldn't it be sweet if we came together?
Everything was right from the very first night
Wouldn't that be clever.

Chorus: Repeat

I wanna do you good do you long time
I wanna make you mine
