verse:1

Sometimes my ego get's in the way I don't say I love
you when I should say it
ain't your fault I had a bad day for your happiness is
why I pray now I lay me
down to sleep I hope that you are proud of me if I
should die before I wake
remember all these words I say

chorus

Your smile your face is all that it take's is all that it
take's to humble me
na na na na na na na na na

verse:2

When I look into your eyes I think that I'm a lucky guy to
know someone like
you will always be a part of my knowing that I taught
you well and picked you
up
when you fell and no one else can tell you that for you I
won't be knowing

you're

the future times the heart of a shore end and that is
why it makes me respect
you more and I sang and I sang now I lay me down to
sleep I hope that you
fulfill my dreams and if I should die before I wake
remember all these words I
say
chorus

I love you I love you for ever for ever will always will
always be together be
together sang sang sang sang well well well well
