I started with nothing
Now I have something
I proved them all they were wrong
So glad I kept fighting
And I never stopped trying
Been waiting to sing for so long
My winners song!

I couldn't carry on
I thought my chance had gone
I was ready to stop and give in
I thought I'd give it one last try
Look this moment in the eye
Then maybe who knows I could win
I dreamed about this for a lifetime
But I could not imagine
What it feels like standing here right now
Geraldine lyrics - the winners song on

I started with nothing
Now I have something
I proved them all they were wrong
So glad I kept fighting
And I never stopped trying
Been waiting to sing for so long
My winners song!

This journey's been incredible
Now standing in the light
I hope this last for more than one night
ONE NIGHT

Boom!

I started with nothing
Now I have something
I proved them all they were wrong
So glad I could find it
And I never stop trying
Been waiting to sing for so long
My winners song

Been waiting to sing for so long
My winners song!
