take a swing  
and we're risking everything  
it's over when we're afraid to break the rules  
because it's safe  
i got a letter saying i'm doing it all wrong  
i think that i'll write back and find out how it's done

take a swing  
yeah, your best shot  
there's got to be more to this  
than what we hear about  
take a swing  
yeah, you're best shot  
there's got to be more to this  
than what we're all about

and you're wishing your days away  
do you really want to live your life this way  
when did the fire die  
i don't see it in your eyes  
we all fall down so pick yourself up from the dirt  
cause after all you'd think it'd be the fall  
but it's the getting up that hurts  
take a swing  
yeah, your best shot  
there's got to be more to this  
than what we hear about  
take a swing  
yeah, you're best shot  
there's got to be more to this  
than what we're all about

take my hand  
and come with me i won't let you down  
this time  
there's more than the last time  
it will all work out  
take my hand  
and come with me i won't let you down  
this time  
there's more than the last time

take a swing  
yeah, your best shot  
there's got to be more to this  
than what we hear about  
take a swing  
yeah, you're best shot  
there's got to be more to this  
than what we're all about
