Leave just as you came (without a sound),
Nothing to ruffle your ends.

I've been wandering around,
Making up movies in my head
So we say don't let it go,
let me try and pull out pride.
I already forget how I used to feel about you

Leave as fast you came, no invitation
Nowhere to go from here.

I've been wandering around,
Wondering how I got so, got so, so fucking boring
All the sudden, so fucking scared... I'm not scared.
You'd mean so much more to me if I remembered.
