Make your move, obvious humor,  
desperate and respiratory plight.  
Always on, dressed to impress,  
I'll be the last one to find out why.

Time takes its toll on us (this changes everything).  
I'd be a liar if I denied you at all.  
Oh, now that I know,  
This changes everything.

I've been trading ideas with intriguing men, and I...  
I perceive an honest solution to all your plight

Time takes its toll on us (this changes everything).  
I'd be a liar if I denied you at all.  
Oh, now that I know,  
This changes everything.  
Oh, now that I know...  
Oh, now that I know...

And the amplifier screams out loud for the last time.  
Wave your hands at the audience as you sink on in.  
First chance to hide, you need desperately so, find me,  
so.

Motion gives up on you in the end.  
I'll try my best to be home by then.  
You'll see the grace we had,  
She'll never have,  
You'll never have.

I'm going home but my own way.  
I'm going home by my own...  
I'm going home but my own way.  
I'm going home by my own..

I would really love if you'd sit him down.  
I would really love if you'd sit him down.  
I would really love if you'd pull this thread.  
I would really love if you'd pull this thread.  
I would really love if you'd sit him down.  
I would really love if you'd sit him down.

I would really love if you'd pull this thread  
I would really love if you'd pull this thread
