Excuse me, where have I seen you?
They tend to ask me
A humble answer I give them
As we start to get closer
But then even more so
They all persist on rubbing my torso
I'm Latin but I aint wrapping in satin
No, that old disco look just aint happening
I'm fresh and new and making my debut
So let me run this information by you
It's true we outdo, it has become an issue
Love em and leave em fast we wont miss you
It's tradition were well conditioned
We outlast the competition, so listen
We don't care too much about kissing
No, we know just what youve been missing
Were straight out and blunt
We don't put up with stunts
Baby, you know what we want

Chorus
We want the funk
Give up the funk
We need the funk
Gotta have that funk

Don't play shy, don't expect long good-byes
These are some of the rules that we go by
No demands and forget holding hands
Please, not around our friends
We intend to hold on to our image
Don't try to cross that line of scrimmage
Don't say you werent aware, so have yourself prepared
And beware, this is a one-time love affair
See, that's as far as it goes, it's our motto
And you thought you won the lotto
Waiting to claim your prize you go unrecognized
Huh! Hows that for a surprise?
So save yourself from confusion and sorrow
Don't even think about tomorrow
Tonights the night, enjoy!
Were here to make some noise

Let me hear that high pitch in your voice

Repeat chorus

Smoother than James Bond you wake and were gone
So you wonder what you did wrong
Huh! don't be blaming yourself, it's a must that we
vanish
Heres the scoop straight to you, but in Spanish...
Oye nena, rubia o morena, mi excusa est en mis venas
Soy un simple mujeriego no lo niego ni miento
Soy latino cien por ciento
As que piensa lo bien si no es conmigo con quien es?
Responde de una vez
No te me hagas la importante la difencil o atorrante
Al cabo tengo mas amantes
No te prometo nada saldrs por donde entrastes
Yo no pienso molestarte
As que no me busques, me sigas, me asustes
Busca otro que te la ajuste

Now there it is, laid out plain and simple
In Spanish but on tempo
Can't comprehend at all, confused or in a hole?
What's the matter? No habla espaol?
If that's the case then no need to worry
Bust out the dictionary
You want some inside info
Wanna know what you're in for
Look up right under nympho

Chorus
