You wanna step to me  
I know you wanna do me  
Come on, fellas, don't fight  
That's right

Miss Bobbie, here I'm contemplating your body  
Magazine covers, laying all over  
Been undercover, drooling like rover  
Imagine if I was to be your lover  
I'd lick a little lower, take it a little slower  
But actions speak louder than words  
So I'll hush for now and let myself be heard  
You're bound to make the same sound  
When the lights go out

(Oh, when the lights go out)  
When the lights go out  
(Oh, when the lights go out)  
(Ooh ooh ooh)

Oh Bobbie, give me one night so I can hold you tight  
Wet my appetite, make you feel just right  
Roll from side to side, rub around your thighs  
Check the merchandise, then try it on for size  
Take a shot to find the spot that drives you nuts  
I don't intend to stop till you drop  
And when you do hit the lights so I can see those baby  
blues  
You've got nothing to lose

(Oh, when the lights go out)  
When the lights go out  
(Oh, when the lights go out)  
When the lights go out  
(Oh, when the lights go out)  
When the lights go out  
(Ooh ooh ooh)

Right now, hey

So Bobbie, what's it gonna be?  
Why settle for less when you can be with me?

I intend to do my best, forget the rest  
So please, say yes, can't you see that I'm obsessed?  
No girl can match ya  
I dream about you and when I gotcha I ain't touching no  
one but you  
But until that day, the kid will play, so 'ciao' for now  
Got nothing more to say till the lights go out

(Oh, when the lights go out)  
When the lights go out  
(Oh, when the lights go out)  
When the lights go out  
(Ooh ooh ooh)

(Oh, when the lights go out)  
When the lights go out  
(Oh, when the lights go out)  
When the lights go out  
(Ooh ooh ooh)

(Oh, when the lights go out) Come here, let me whisper  
in your ear  
(Oh, when the lights go out) Ven acá cárcate a mi  
(Oh, when the lights go out) Ven acá más cerca  
(Oh, when the lights go out) Ven que te quiero  
enseñar algo  
(Oh, when the lights go out) No tengas miedo, ven acá  
(Oh, when the lights go out) He esperado el momento  
por mucho tiempo  
(Oh, when the lights go out) Ahora sí, sigue  
(Oh, when the lights go out) Sigue, sigue  
(Oh, when the lights go out) No pares  
(Oh, when the lights go out) Oh yeah  
(Oh, when the lights go out) Otra vez, otra vez  
(Oh, when the lights go out) Aquí pasamos toda la  
noche...
