Something's watching over me  
There's someone in  
My house that I can't see  
I've asked her many times to leave  
She tells me she's not evil

In my hours of confidence  
When feeling real and  
Worthy of my friends  
When I let go of my defence  
She's waiting in a corner

Angel of sadness  
Leave me alone  
Save me some hours  
To try on my own  
When the music is over  
The silence is on  
You know I will be yours alone  
So pick me up  
And carry me home

Life with her is getting hard  
It's like I'm not the  
Driver of my own car  
I'm not the holder of my credit card  
Oh Jesus, make me sober

Misery comes and lovers go  
I lose myself and  
Sometimes I don't know  
She says I've always told you so  
But I'll stay with you forever

Angel of sadness  
Leave me alone  
Save me some hours  
To try on my own  
When the music is over  
The silence is on  
You know I will be yours alone  
So pick me up

And carry me home

Angel of sadness

Angel of grief

Save me some hours

Then please can you leave

When the music is over

The silence is on

I'll be completely on my own

But I'll work it out

And find me a home
