Iris in the morning rain sitting in a sea  
It's hard to tell the blues apart, she's salty just like me  
She thinks she's on an island or she wishes that she  
were  
She thinks she hears the sirens but I think it's only  
Iris in the morning rain sitting in a sea

She didn't wanna see, the fruit was out of reach  
She's caught between the ocean and the bear upon the  
beach  
Imaginary waves could never drown you  
And I didn't want to tell her, I didn't want to tell her

Iris on a ladder climbing closer to the sky  
Iris  
Rising from the grind, she is a quitter just like I  
High rise

Sitting on a rooftop watching molecules collide  
Safe above it all she's drinking mercury on ice  
Iris on a ladder climbing closer to the sky  
Iris

She didn't wanna see the stars were out of reach  
She's caught between the ocean and the bear upon the  
beach  
Imaginary gods could never save you  
And I didn't want to tell her, I didn't want to tell her

She didn't wanna see the stars were out of reach  
She's caught between the ocean and the bear upon the  
beach  
Imaginary gods could never save you  
But I didn't want to tell her, I didn't want to tell her  
I didn't want to tell her, I didn't want to tell her
