Come back my darling one
I'm calling on ya...
The road ahead is long
And I must warn ya

Take hold my little one
My minor key sonata
Show forth your looping grace
No one here could take your place

We'll find a way
To make it pay
To get around it

Come back my fallen sun
Don't let 'em fool ya...
'Cause when the day is done
They never moved ya

Lay down your sense of pride
Trampled once too often
Put out your mournful tones
No one here could take your place

We'll find a way
To do OK
To get around it

Come back my analogue
I hardly knew ya
The high end sloping off
A thing of beauty

Take hold my little ones
My minor key sonatas
Show forth your looping grace
No one here could take your place

We'll find a way
We'll make it pay
To do without it

Say you'll find a way
To make it pay
To get around it

Show just what you know
Just let it go
To get around it
