You know the way  
You've been before  
I've seen the signs  
Outside your door  
You set the rules  
The bitter days  
Can't be ignored  
It's just the same  
Just like before  
You wanted more

I love the sun  
I love the rain  
You gave it up  
But all in vain  
I love the way  
It was before  
So bittersweet  
To be adored  
We had it all  
You let it go  
You wanted more

But in the end  
What is a friend  
If not some one  
To help pretend  
Remember me  
You know my name  
I'm still the same  
But not for you  
That's not enough  
You wanted more

I love the sun  
I love the rain  
You gave it up  
But all in vain  
You couldn't change  
You know the score  
So bittersweet

To be adored  
We had it all  
You gave it up  
You wanted more

But in the end  
What is a friend...

You loved the way  
It used to be  
The way you are  
You and me  
You came too late  
You left too soon  
Just like the rings  
Around the moon  
We had it all  
You let it go  
You wanted more  
We had it all  
You gave it up  
You wanted more
