Welcome
(world)
Welcome
(world)

Open your mind to come with me
We're just about to begin
Take a deeper breath now baby
Stretch and breath me in
Feel your way
Feel your way
Feel your way

Searching for a healing hand
That moves instinctively
Open up my secret thought
And float up consciously
Far away
Far away
Far away

Don't insult your inner child
I'm innocently wild
To welcome

Brave new world
Gotta believe I wanna be, giving you energy
Brave new girl
Gotta believe in what I do, taking me back to you
Going deeper for a brave new world

Catch me when I'm falling
As I climb the wall of sound
Break on through to the other side
Now reach for higher ground
Breath me in
Breath me in
Breath me in

Meditate and levitate
Upon the human being

To welcome

Brave new world
Gotta believe I wanna be, giving you energy
Brave new girl
Gotta believe in what I do, taking me back to you
Going deeper for a brave new world

Relax generally energy
Virtual sexuality
Ego bliss
(world)
Super enlightenment
Deeper
(world)
A physical, sexual environment
Breath in

Don't insult your inner child
I'm innocently wild
To welcome

Brave new world
Gotta believe I wanna be giving you energy
Brave new girl
Gotta believe in what I do is taking me back to you

Brave new world
Gotta believe I wanna be giving you energy
Brave new girl
Gotta believe in what I do is taking me back to you

Brave new world
(relax, generally) giving you energy
Brave new girl
(breath in) giving you energy

Brand new girl is in her brave new world
