Do you think about me
Like I think about you?
As these nights grow colder

Do you think about us
All the love that was lost?
Looking back as we grow older

Would you cry if I die?
Either way nothing changes
And just remember

Don't call me baby, baby
Just because you can
Don't call me lady, boy
You ain't that kind of man

Don't call me sugar, honey
You've never done before
It's just too little, too late
This baby's at the door

Do you wish that you cared?
Maybe you were too scared
To show me what you're feeling

Did you run out of time
With me on your mind?
Didn't we have no meaning?

Would you bleed if I leave?
Either way nothing changes
And just remember

Don't call me baby, baby
Just because you can
Don't call me lady, boy
You ain't that kind of man

Don't call me sugar, honey
You've never done before
It's just too little, too late

This baby's at the door

Come on, come on
Come on, come on, come on
Don't you cry no more

Come on, come on
Come on, come on, come on
Get up off the floor

Don't call me baby, baby
Just because you can
Don't call me lady, boy
You ain't that kind of man

Don't call me sugar, honey
You've never done before
It's just too little, too late
This baby's at the door

Don't call me baby, baby
(Don't call me baby)
Just because you can

Don't call me lady, boy
(Don't call me lady)
You ain't that kind of man

Don't call me sugar, honey
(Don't call me sugar)
You've never done before
It's just too little, too late
This baby's at the door

Don't call me baby, baby
(Don't call me baby)
Just because you can

Don't call me lady, boy
(Don't call me lady)
You ain't that kind of man

Don't call me sugar, honey
(Don't call me sugar)
You've never done before
It's just too little, too late
This baby's at the door
