Hey, little boy with those big brown eyes
You don't know what you do to me
I'm just a girl and I'm in disguise
Just trying to be a woman

It doesn't matter how we get there
Can do this if we try
Sometimes I just sit and wonder
If this is good and why

Let me love you, I know that I can
If you take on me then you'll understand
So let me love you, I'll hold on tight
If not for tomorrow then maybe tonight

Hey, little girl with those big blue eyes
You know what you're doing
You're so grown up, I watch you grind
The little nut you're screwing

It doesn't matter if you mean it
Maybe I'm not your kind
Sometimes I just sit and wonder
If love is hard to find

Let me love you, I know that I can
If you take on me then you'll understand
So let me love you, I'll hold on tight
If not for tomorrow then maybe tonight

If a girl loves a boy
And she loves a girl
What can you do

At the end of the day
There's nothing left to say
But I love you
(But I love you)

Let me love you, I know that I can
If you take on me then you'll understand
So let me love you, I'll hold on tight
If not for tomorrow then maybe tonight

Let me love you, I know that I can
If you take on me then you'll understand
So let me love you, I'll hold on tight
If not for tomorrow then maybe tonight

Let me love you, I know that I can
If you take on me then you'll understand
So let me love you, I'll hold on tight
If not for tomorrow then maybe tonight

Let me love you, I know that I can
If you take on me then you'll understand
So let me love you
