Watch the first light kiss the new world
It's a wonder, baby, like you and I
All the colors of the rainbow
Going somewhere, baby, like you and I

It's going to be alright
But when my sky clouds over

Lift me up when the day is over
(Take me up)
When the sun is going down
(Show me love)
I will be your angel now

Lift me up when the lights are fading
(Talk me down)
When I'm flying way up high
(Show me love)
And I'll be your angel for life, your angel for life

Like the seasons ever changing
Everlasting, baby, like you and I

It's going to be alright
But when my sky clouds over

Lift me up when the day is over
(Take me up)
When the sun is going down
(Show me love)
I will be your angel now

Lift me up when the lights are fading
(Lift me up)
(Talk me down)
When I'm flying way up high
(Show me love)
(Lift me up, lift me up)
And I'll be your angel for life, your angel for life

No matter where we run
Who knows what we will become

Is there a world we know
Where life will naturally

(Lift me up)
When the day is over
(Take me up)
When the sun is going down
(Show me love)
I will be your angel now

(Lift me up)
(Lift me up)
When the lights are fading
(Talk me down)
(Lift me up)
When I'm flying way up high
(Show me love)
(Lift me up)
And I'll be your angel for life, your angel for life
