Shake your bootie, cutie  
Hello, daddy, baby, hello, sexy mamas  
Hello, is anybody there? Come on  
Bring your bad ass self down here

Get out of your head and into your body  
Shake your bootie, cutie  
I wanna see you do your thing  
Remember to count me in

You walk the walk, you talk the talk  
We met by chance, shut up and dance  
Conversation's fine, but I haven't got the time  
Coffee and small talk is the last thing on my mind

We do it, baby  
We're out here on the floor tonight, yeah  
No worries, baby  
Forget about the problems in your life

Shake your bootie, cutie  
You are the dancing king  
Sexy daddy, baby  
You really make my thing sing

Sexy mama, come on  
Shut your mouth

I'm a girl who likes to be kissed  
I'm a sentimental freak who just loves to get frisked  
I'm not in the mood to analyze  
It's the way that you shake it, not the shape or the size

We do it, baby  
We're out here on the floor tonight, my love  
No worries, baby  
Forget about the problems in your life

Shake your bootie, cutie  
You are the dancing king  
Sexy daddy, baby  
You really make my thing sing, yeah

Shake your bootie, cutie

You show me you can dance  
(I'm Mr. Big, baby, can you dig?)  
Sexy daddy, baby  
I wanna see you swing your pants

Shake your bootie, cutie  
You are the dancing king  
Sexy daddy, baby  
You really make my thing sing, yeah

Shake your bootie, cutie  
You show me you can dance  
(I'm Mr. Big, baby, can you dig?)  
Sexy daddy, baby  
I wanna see you swing your pants

Wizard man, I know you can  
So don't you ever stop  
Get outta the kitchen and quit your bitchin' girl  
So make your life sharp as a knife

Cool cat, flash, gotta let you know  
Your bootie's kinda cutie  
I believe in soul  
I'm just a bad ass mother, daddy

Wizard man, I know you can  
So don't you ever stop  
Get outta the kitchen and quit your bitchin' girl  
So live your life sharp as a knife

Cool cat, flash, gotta let you know  
Your bootie's kinda cutie  
I believe in soul  
Your hurtin' me, baby

I believe in soul, I ain't mad at you  
I believe in soul, work it  
I believe in soul, so work it  
I believe in soul
