You said I'd always be your little girl
Thought that would last forever
But you left me in this grown up world
Have to put myself together

At the end of the day
You showed me the way
I'm never in doubt

Someone's watching over me
Though sometimes I wish
That you would look away from me
Always watching over me
Though it's not perfect
It can't be any other way for me

You said to me that time would never wait
So I ran a little faster
I was always there but just too late
So fate became a father

At the end of the day
You showed me the way
I'm never in doubt

Someone's watching over me
Though sometimes I wish
That you would look away from me
Always watching over me
Though it's not perfect
It can't be any other way for me

You left a girl with a hungry mind
I'm still learning, I'm still waiting
All of my answers I need to find

Someone's watching over me
Though sometimes I wish
That you would look away from me
Always watching over me
Though it's not perfect
It can't be any other way for me

Someone's watching over me
Though sometimes I wish
That you would look away from me
Always watching over me
Though it's not perfect
It can't be any other way for me

Someone's watching over me
Though sometimes I wish
That you would look away from me
Always watching over me
Though it's not perfect
It can't be any other way for me

Someone's watching over me
Though sometimes I wish
