Hey, remember me
We've got a date with destiny
We're falling down in my human rays
And searching for amazing grace

When the cup is half empty
Make it half full
There's an underground river
Shaping us all

Step by step
Hour by hour
What we've got is a woman's power
Day by day
Believe in you
In what you want and what you do

It's the strength of a woman
It's the strength of a woman
It's the strength of a woman

Hey girl, I remember you
You're not alone 'cause I feel it too
Been searching high for a better man
But he won't save you, only you can

We're running out of heroes
Good guys, I find
Mister perfect wonderful is
Not on my mind

Step by step
Hour by hour
What we've got is a woman's power
Day by day
Believe in you
In what you want and what you do

It's the strength of a woman
It's the strength of a woman
It's the strength of a woman
It's the strength of a woman

So come on, speak out
Be strong, no doubt
'Cause we dream, we hope
We run

Step by step
Hour by hour
What we've got is a woman's power
Day by day
Believe in you
In what you want and what you do

Step by step
Hour by hour
What we've got is a woman's power
Day by day
Believe in you
In what you want and what you do

It's the strength of a woman
It's the strength of a woman
It's the strength of a woman
It's the strength of a woman

It's the strength of a woman
It's the strength of a woman
It's the strength of a woman
It's the strength of a woman

It's the strength of a woman
