Title : Energy

You never wanted this to last

You'd allways ???????

What has most ????? is what you wonder

You have the hardest day

I have to ask you what's your problem

I don't believe that you love anyone

You did miss when you get ?????

'Cause you don't miss me

Now I'm by your side

I can feel your energy

And I want it to be mine mine mine

'Cause you don't talk like you use to do

You don't act like you use to

And you don't live like you use to do

You don't seem to want to

Give me your energy

Give it to me

I want your energy

Give it to me

Me me me

You allways thought that I don't like you

But I do I tried to tell you

When I'm by your side

I can feel your energy

And I want it to be mine mine mine

'Cause you don't talk like you use to do

You don't act like you use to

And you don't live like you use to do

You don't seem to want to

Give me your energy

Give it to me

I want your energy

Give it to me

I want your energy

I want your energy

Give it to me
