Though your dark eyes, you can feel my every sin
When I walk right into a straight line, this world of yours

I got you caught in my eye
I got you caught in my eye
I got you caught in my eye again

You're the fall guy in the corner of my gloom
And it feels like everything I see is nothing new

I got you caught in my eye
I got you caught in my eye
I got you caught in my eye again

There's a door there that opens without you
And the door lies with open keys to my room

Flame of the torchlight fill my thighs, fulfill
As I crave, I consume 'em but I don't give

I got you caught in my eye
I got you caught in my eye
I got you caught in my eye again

I got you caught in my eye
I got you caught in my eye
I got you caught in my eye again

I got you caught in my eye
I got you caught in my eye
I got you caught in my eye again

I got you caught in my eye
I got you caught in my eye
I got you caught in my eye again

I got you caught in my eye
I got you caught in my eye
I got you caught in my eye again

I got you caught in my eye
I got you caught in my eye

I got you caught in my eye again
