It's all right when you say that you're my girl  
It's all right when you're holdin' my hand  
It's all right when you say you love only me  
It's all right knowin' you understand

It's all right when you whisper sweet words to me  
It's all right when I'm kissin' you  
It's all right just to know that you're mine  
It's all right to say that I'm in love with you

Bridge:

Little things don't matter anymore  
'Cause you know I love you, that's for sure

It's all right just to know that my love is true  
It's all right when I'm telling you  
It's all right just to feel the way that I do  
It's all right to know that it's all right with you

(instrumental)

(repeat bridge)

(repeat verse 3, then repeat its last line)
