Do you ever stop or think
Why I love you?
Do you ever stop or think
Why I dream of you?

It's just because, it's just because
It's just because our love is true

Do you ever stop or think
Why place me feel this way?
Do you ever stop or think
Why I love you more each day?

It's just because, it's just because
It's just because our love is true

When I'm with you, the things we do
Means so very much to me

Do you ever stop or think
When our love will end?
Is it just a passing phase?
No, it will never end

It's just because, it's just because
It's just because our love is true

It's just because, it's just because
It's just because our love is true

When I'm with you, the things we do
Means so very much to me

Do you ever stop or think
When our love will end?
Is it just a passing phase?
No, it will never end

It's just because, it's just because
It's just because our love is true
It's just because our love is true
